European Crop Portal for Forages

Who is going to host it?

Google Sites is free - <https://sites.google.com/view/forages-crop-portal/home>

European Crop Portal for Forages

Who is going to design and maintain it?

Google Sites – Can have several editors

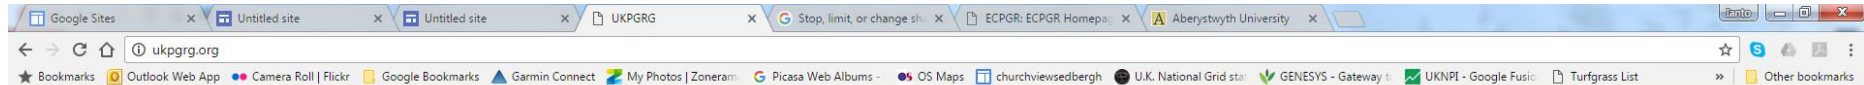

European Crop Portal for Forages

Why are we doing it?

Who is our target audience?

Will be just be duplicating work that has already been done?

Is there a danger that it just becomes a set of links to other site?
(is that a bad thing)

UKPGRG

HOME BACKGROUND DISCUSSION BOARD (MEMBERS ONLY) UKNPI FUSIONTABLE

Welcome to UKPGRG

The UK Plant Genetic Resources Group (UKPGRG) serves as the technical forum to discuss and implement the conservation and use of plant genetic resources in the UK. The broad membership includes both curators of *ex situ* plant genetic resource centres, those involved in *in situ* conservation, and representatives from non-governmental organisation, the commercial plant breeding sector and Universities. Botanic gardens, the Forestry Commission and statutory collections are also represented. The Group provides advice and technical support to Government Departments on technical and policy matters which relate to the UK or the UK's international role in the area of plant genetic resources.

CGN, Netherlands, Lettuce

The screenshot shows a web browser window displaying the 'PGR Lettuce' portal. The browser's address bar shows the URL 'www.pgrportal.nl/en/Lettuce-genetic-resources-Portal.htm'. The website has a green and white color scheme. At the top, there is a navigation menu with 'PGR material', 'Traits', 'Other info', and 'About'. The main content area features a large image of lettuce leaves. Below this, there are two columns of content. The left column has a green background and contains the text: 'Welcome to the lettuce crop portal that aims to guide you to the relevant information regarding the plant genetic resources of lettuce.' The right column has a white background and contains a list of links: 'More lettuce information', 'Other info', 'About', 'General information', 'Finding Vegetable PGR', and 'Requesting PGR'. At the bottom of the page, there are two small green buttons labeled 'Lettuce portal' and 'Potato portal'.
