

Meeting of the EURISCO Advisory Committee

Preliminary agenda

20 September 2024

- Report on EURISCO activities since the last meeting
 - Main activities and developments
 - Demonstration
 - What is going to happen (incl. funding and links with other projects)
 - Q&A
- Discussion on EURISCO's role
 - What users do we want to serve?
 - What services would we like to provide?
 - What is our position in the context of all other service providers in our field?
 - Where do we want to be in ten years' time?
- What material to include and how to approach this?
 - Geographically (what countries to get in)
 - Biologically (how to deal with Arabidopsis)
 - Conservation method (CWR, NGOs)
 - How to find out what material should be included (ref. Pro-Grace activities)?
- What data to include and how to do this?
 - Phenotypic data (how do we do it, how do we want to change this, how can we stimulate data donors to submit data?)
 - Genomic data (use of DOIs, potential services of EURISCO)
 - Adaptations to CWR
